INTRODUCTION

AQUA POOLS (U) LTD started its operations on the 6th March 2008 but it was incorporated and registered on the 6th march 2020. Since AQUA POOLS (U) LTD has been rendering services to its various clients in the fields of; Swimming pool construction, steam bath and sauna construction, landscaping, swimming pool repairs and maintenance works and consultancy services. AQUA POOLS(U)LTD bring pools to life through innovation in design and technical leadership, setting the standard in modern swimming pools. Our pools combine four elements: function, safety, reliability and elegance. Together with real value-for-money, they add up to absolute desirability. AQUA POOLS(U)LTD meets the needs of both individual home owners and developers with multiple pool requirements.

We have a strong Retail business installing and servicing private pools for home owners in our local market in Uganda and this is where our story began. Our core competency today is providing multiple pools for Real Estate and Resort developments, with both the products and the necessary Project Management experience to deliver on time, on-budget, on-quality. Through having all skill sets in-house: design, engineering, production, installation and service we are able to ensure professional delivery and performance. We have become a world-class supplier of specialist pools for exacting requirements such as in the Spa and Wellness and **we carry out the design and build of water features**. This document provides data on our Organization, our Approach and on our Experience.

ABOUT US

VISION STATEMENT

To be the first-choice swimming pool construction firm with emphasis to the latest technology and aquatic designs.
